

All The Money's Gone

Come back to me baby
Don't put me down in my prime
I may be a bad man
But don't we have a good time?

It's a dog eat dog world babe
Ain't nobody to blame
You're only picking on me now
On account of my name

All the money's gone
All the money's gone
I can't walk on water
I can't even run
Lord forgive me for the things that I've done

Well it says in the good book
That you reap what you sow
But that old green backed woman
Is the only god that I know

You can take back my Warhol
Tear down my chandelier
But darling I only told you
What you wanted to hear

All the money's gone
All the money's gone
I can't walk on water
I can't even run
Lord forgive me for the things that I've done

I'm in the bunker baby
I ain't seen daylight since you said we're through
I ain't worth nothing
If I'm worth nothing to you

Lock me up if you want to
But baby don't loose that key
Cause you know that I need you
Like I know you need me

We belong here together
We're a match made in Hell
One day we'll start over
On the sound of that bell

All the money's gone
All the money's gone
I can't walk on water
I can't even run
Lord forgive me for the things that I've done

All the money's gone
All the money's gone
I don't know if I'm clever
I don't know if I'm dumb
But give me some credit for the things that I've done
