

Cruel World

Well if time is a teacher
Seems like I never learned
Right now I feel like I'm doubting
That the world ever turned

Oh it's a Hollywood ending
To think that we could be friends
Cos I've been through all the rushes
And I know how it ends

It's a cruel world
It's a cruel world
It's a desolate view
It's a cruel world
It's a cruel world
It's a cruel world without you

I'm in love with the sadness
It's the devil I know
Now there's nowhere I'm going
That's why I walking so slow

I know it's making me crazy,
I know it's making me sick
It's a dirty habit
That my heart don't know how to quit

It's a cruel world
It's a cruel world
It's a desolate view
It's a cruel world
It's a cruel world
It's a cruel world without you

If it ever was easy
If it ever was hard
There's nothing left to recover
There's no treasure to guard

Every hope was a traitor
That brought another false dawn
Cos our fate was sealed in blood
On the day we were born

Sometimes I feel empty
Sometimes I feel free
Sometimes I'm scared of dreaming
Some other place I could be

Got no faith in my feelings
They've betrayed me before
My heart is full of stories
I don't believe anymore

It's a cruel world
It's a cruel world
It's a desolate view

It's a cruel world
It's a cruel world
It's a cruel world without you
