

Deep River

I've been torn down
I've been kicked around
Waiting for the war to end

It's been a long time
Since I crossed the line
Where the weeping willows bend

I'm going back to start anew
To shed these scars
Way out in the blue

Deep river roll me
Where I need to go
Give me the answers
That only you know

The river's in me
It's all I wanna be
I just have to let it run

All the changes
That it's course arranges
Are the deeds that must be done

Tears of joy and tears of pain
The river takes them
Takes them all the same

Deep river roll me
Where I need to go
Give me the answers
That only you know

I'm doing all I can
To follow nature's plan
To hold on to the hand of fate
Maybe I'll see the sun
Setting on the way I've come
Before the evening gets too late

Deep river roll me
Where I need to go
Give me the answers
That only you know

Deep river roll me
Where I need to go
Give me the answers
That only you know
